Please join us for a student panel discussion about how we can better support undocumented students at Western, and for a chance to hear first-hand some of the untold stories from members of the Blue Group, Western’s undocumented student club, whose mission is to provide undocumented students the opportunity to meet other undocumented students, find resources and services, and to build community.

“My life isn’t a movie, it’s a reality.” Those words come directly from Maria Dimas’ narrative, “America Was Never White,” one of the many stories shared in the book, UndocuStudents: Our Untold Stories, written by students at Western and published by Western CEDAR.
