

Examples of Assignment Instructions

PHYSICS NOTICE

Date Assigned: 3/7/16

Date Due: 3/9/16

Course: Physics 162

Professor/Section: Dr. Johnson

Assignment: Physics 162 Take Home Final Exam

Instructions: Please familiarize yourself with the problems/questions attached. Please do not offer any assistance with these questions. Be aware that the same problems could be copied onto another paper or presented in a different way.

Professor Notes:

The students have been told that they cannot receive help from the tutoring center, of any form.

Note: my students still have a MasteringPhysics assignment due tonight (Tuesday 3/8/16), and it is still okay to help them with those problems. I guess I would just suggest that they bring up the problem on Mastering Physics before helping them with that.

Physics tutors: Please check next to your name below to indicate that you have read the above notice.

MATH NOTICE

Date Assigned: 2/9/16

Date Due: 2/16/16

Course: M157

Professor/Section: Dr. Smith

Assignment: Take home exercise

Instructions: It is ok to help with these problems. Remember, it is TC policy to not give definitive answers or even confirm if an answer is correct. Also, it's always best to change numbers around when modeling a problem, and then let the students work the actually problem out for themselves.

Professor Notes: *"I have not placed any restrictions on them and they are free to work with tutors if they choose."*
