Special Collections (Wilson Library 6th floor)

A retrospective exhibit featuring historical photographs and memorabilia illustrating Western Washington University's twelve vibrant decades of institutional life. Originally developed for the Centennial Celebration in 1999/2000, it has been updated to reflect our history to the present date. This decade-by-decade series of images documents key events in the academic, administrative and social life of Western’s faculty, staff and students, ultimately unveiling pieces of our local, state and national stories.
