Join the Friends of the Music Library

The Friends of the Music Library at Western Washington University was founded in 1996 for the purpose of raising funds to purchase materials for the Western Libraries' Music Library. Members have determined that the best use of the funds is to purchase *complete works* of major composers, since they are the foundation for a quality music library and of great value to faculty and students. Visiting scholars can also make use of the materials available at the Music Library.

Other sources of funds, in addition to membership dues, include gifts of recordings, scores, and books that are either added to the library inventory or sold at an annual sale on campus.

The Music Library needs your support to continue adding to its collection. As the number and quality of musical events grows in the Bellingham area, the Music Library's need for new materials expands. Help support great music and music education in our community.

Friends of the Music Library Membership Benefits
